

# Brockville Tour

## Saturday, June 22, 2024

The **Brockville Rowing Club** (BRC) is proud to host our first OAR tour. Come and join us for a 32 km round trip paddle up the mighty **St Lawrence** to Browns Bay Provincial Park and back. We have a really nice shorter loop through the Admiralty Group of the 1000 Islands if the wind is really howling. We'll serve lunch at the half way point and, back at the Club, you can get a well-deserved local craft brew or wine available at our licensed bar. You can stretch your legs after the row with a cool walk through Canada's oldest railway tunnel that starts right next to the BRC.

June on the St Lawrence can be magical.
